

2026 Hillsboro District Prepile Plan

We are planning to start prepile on Friday, August 14th and the factory will begin slicing on Saturday, August 15th. Station dates and quotas are listed in the tables below. Station opening times will be announced daily either through text messages or posted at the scalehouse. Actual prepile dates and station operating hours can change depending on several factors that are reviewed daily, mainly forecasted weather, inventory levels and factory slice rates. Any changes to the schedule will be communicated through the company text message system.

HLB Yard:

Group	Date	Quota (TPA)
Group 1- Grower's 101, 113-121	August 14-16	3.95
